I am a student of AIDS (**Artificial Intelligence and Data Science**) Engineering stream and right now I am in **second year** of my degree. Till now I had learnt the basics of web development, **DSA, JAVA**. Recently I have joined **web development Committee** in my College to enhance my expertise in the domain of development.

Education

- **University of Mumbai** | Bachelor of **Artificial Intelligence and Data Science engineering**. [2021- 2025]
Rajiv Gandhi Institute of Technology-Mumbai. **CGPA=** [9.0/10 up to 3rd Sem]
Relevant Coursework: Data Structure in Java, Python, Operating System, DBMS, Algorithms.
- **Maharashtra State Board** | Higher Secondary Certificate (HSC). [2021]
R.D National College (Bandra). **Percentage=**91.67%
- **Maharashtra State Board** | Secondary School Certificate (SSC). [2019]
Shivam Vidya Mandir High School. **Percentage=**82.60%

Projects

- **Social Distancing System:** [Jan 2021-June 2022]
Currently, social distancing plays an important part of life.it helps to prevent a safe distance between any **object** or a **person** in an **overcrowded area**. This project belongs mainly to the **Arduino Uno Module**.
Project code link: <https://github.com/My-Codeword/Social-Distencing-system>
- **Virtual Desktop Assistance (VDA):** [Sep-2022-Nov- 2022]
Virtual Desktop Assistants are a **very** effective way to **organize your program**. VDAs are also more reliably than Personal VDAs are portable and you can use them at any time with many languages.
Project code link: <https://github.com/My-Codeword/Python-VDA>
- **Website Front-End:**
Flipkart Website Home page clone: <https://my-flipkart-web.netlify.app/>
My-Digital clock: <https://my-digital-time.netlify.app/>
Form Database System: <https://form-database.netlify.app/>

Relevant Skill

- **Programing languages:** C, Java, Python, PHP, Website designing Languages.
- **Sports:** Badminton, Chess, Carrom, etc.
- **Book reading:** Novels, Comics, fiction, etc.
- **Hobbies:** Teaching, Singing, travelling etc.
